### **York Equestrian's Summer Riding camp!**

Monday to Friday

8:30 am to 3:30 pm

Ages 7 to 14

Beginners to  
Advanced

York Equestrian prides itself in finding safe and friendly horses and ponies that are suitable for children of all ages and riding ability.

Each day students will participate in two riding lessons except in cases of extreme weather. Students will be divided into small groups according to their age and level of experience. Lessons for beginner riders will focus to develop basic walk and trot skills while riders with more experience will work to advance and improve their riding position and technique.

Scheduled horsemanship activities will educate students on safety around horses, grooming techniques, general horse care and equipment. These sessions will be geared to students with all levels of experience.

### **Want to continue riding in the fall?**

Our well-rounded summer camp provides the perfect starting point for children to learn about riding and horses. If you are looking to have your child continue with riding lessons in our fall program, we require that students complete a **minimum of two weeks at York Camp** prior to joining the fall lesson program. The time spent here gives students the necessary experience required to integrate them into our weekly fall lesson schedule.

### For our Year –Round Students:

Throughout our summer sessions we endeavor to enrich our students further improving both their horsemanship and handling skills while maintaining the strength of their lessons.

We work to prepare students for further riding challenges, and set the foundation for their involvement in clinics, course nights, and our rider level programs.

### **Additional Summer Programs Offered for the more experienced or advanced rider:**
